St. Regis hotel & Branded residences :

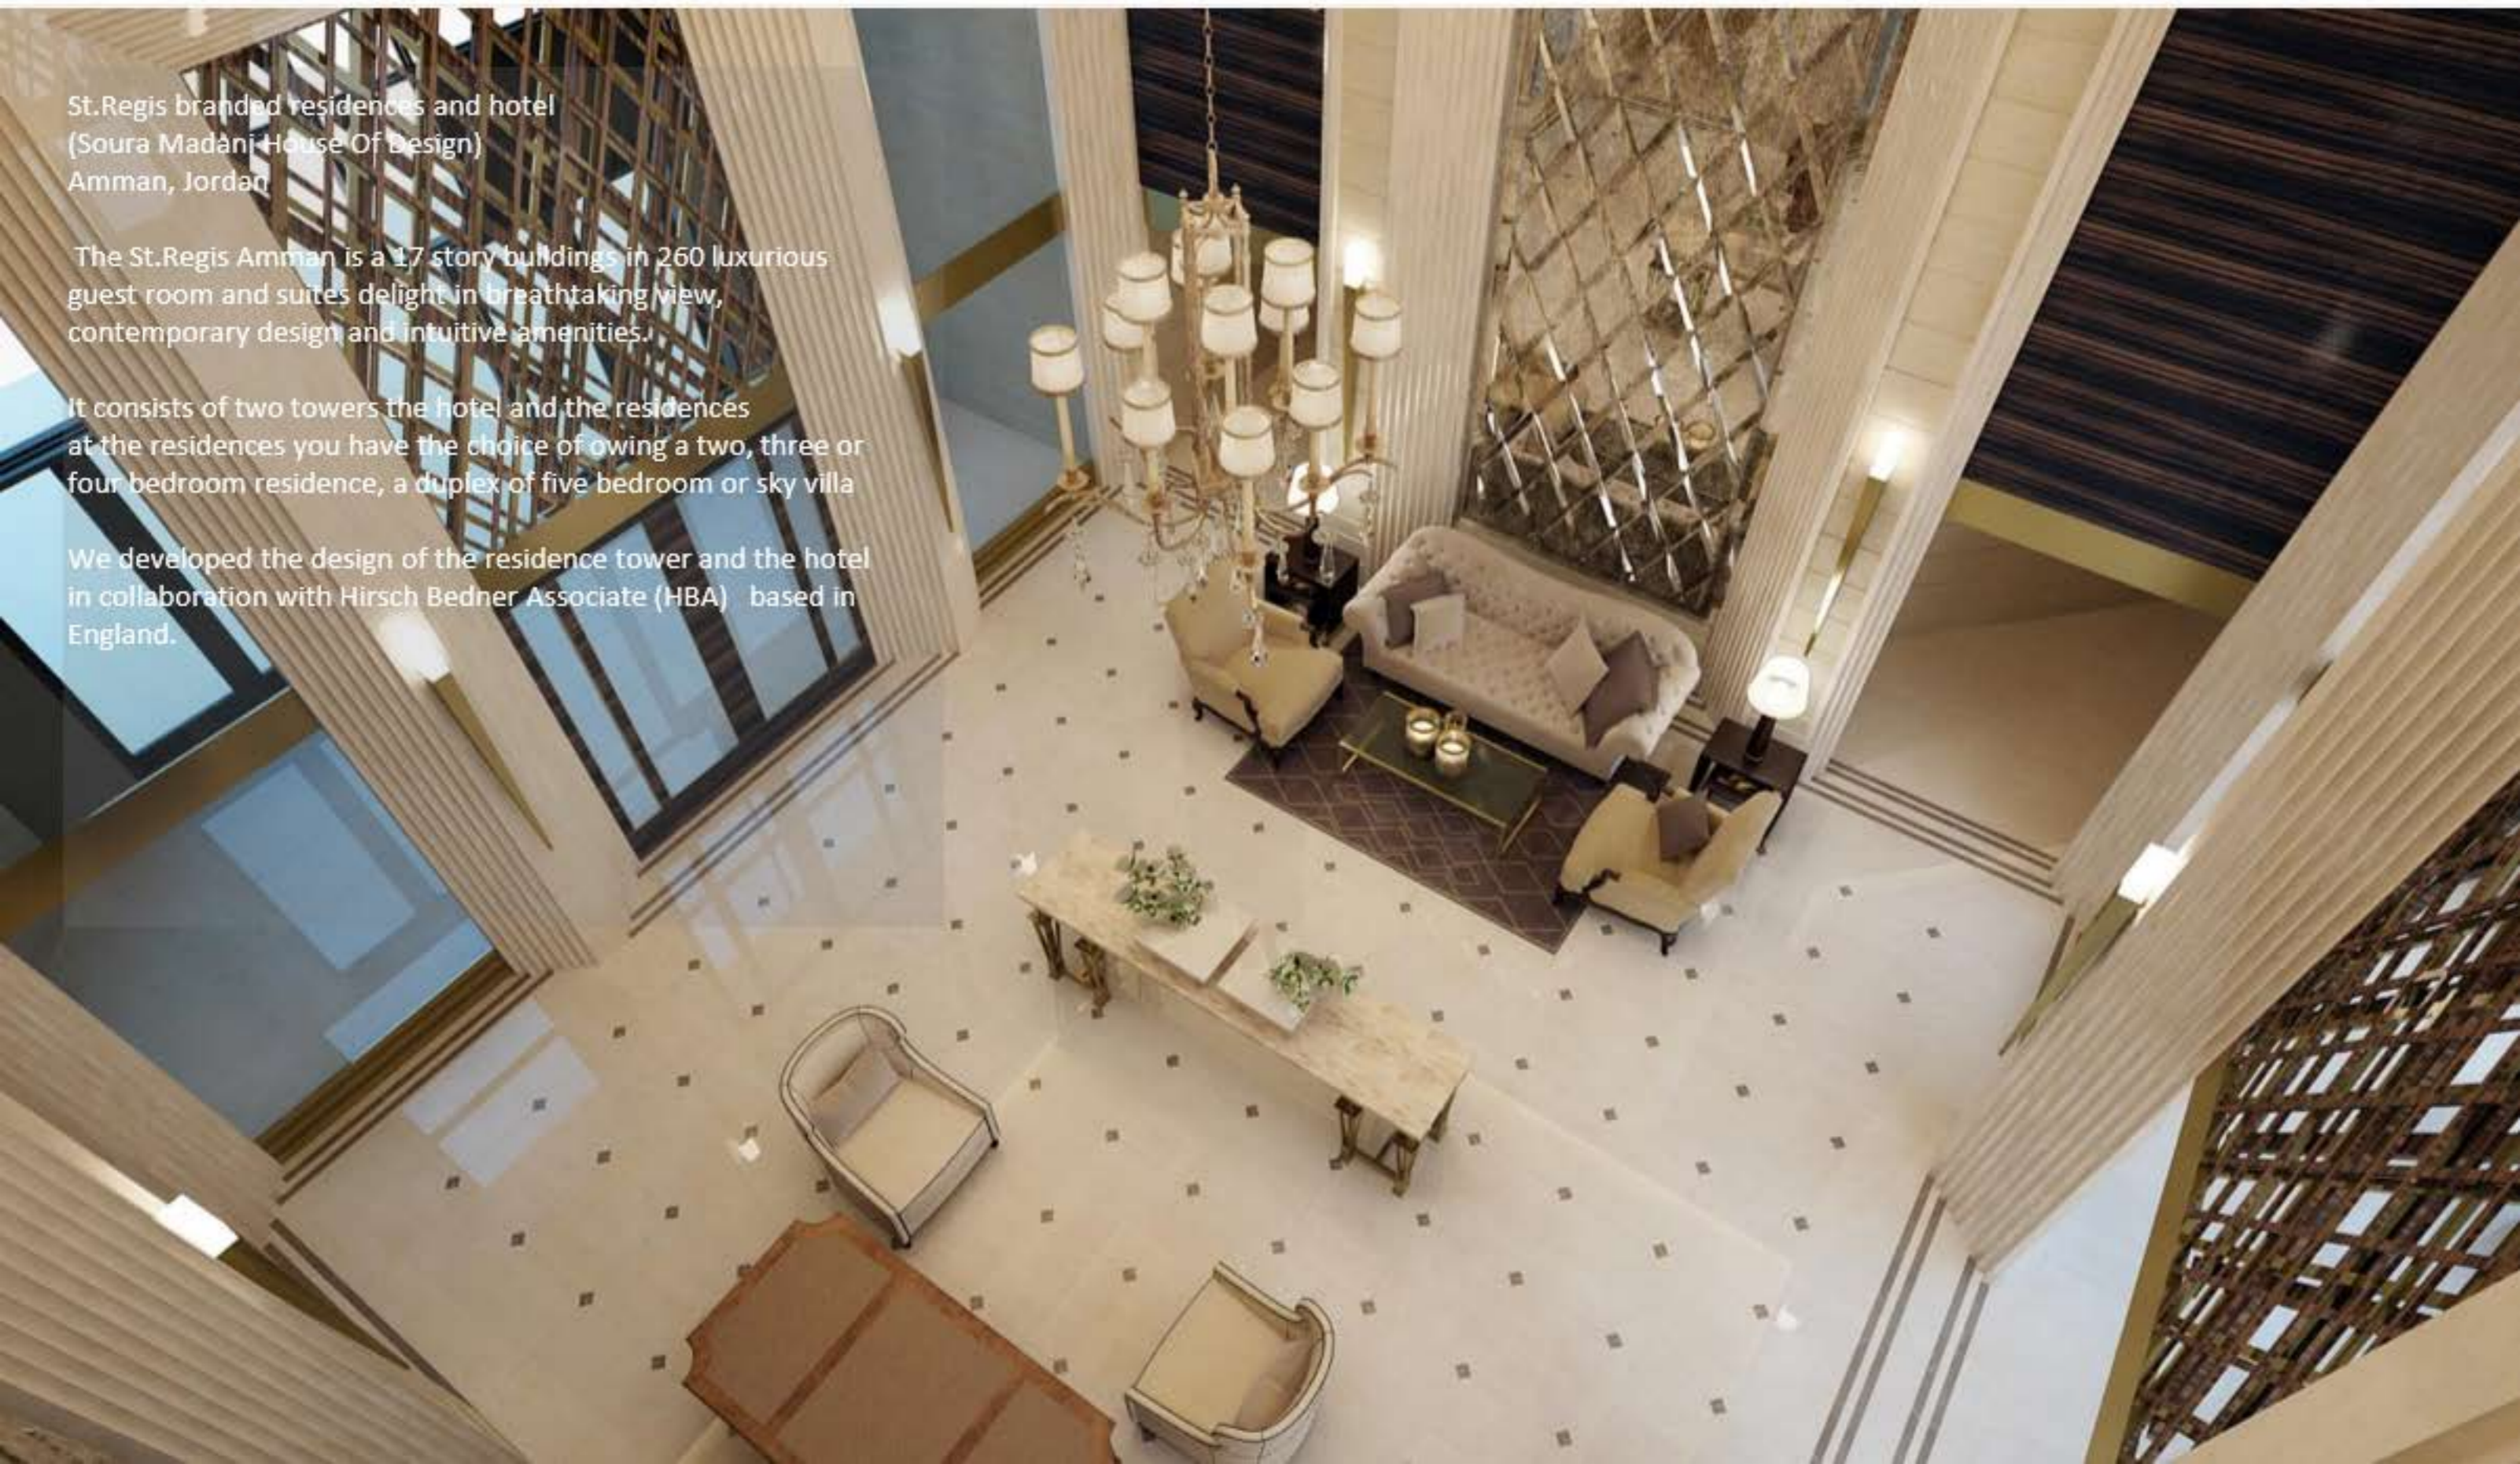

The branded apartments were completely interior designed by the SMHD firm, and my responsibilities included producing interior enlargements and drawing technical details. Designs of The St. Regis hotel and podium were produced in collaboration with HBA group in London. I helped ensure that the design and technical details were fine tuned for execution, and would produce spaces of exception beauty in Jordan

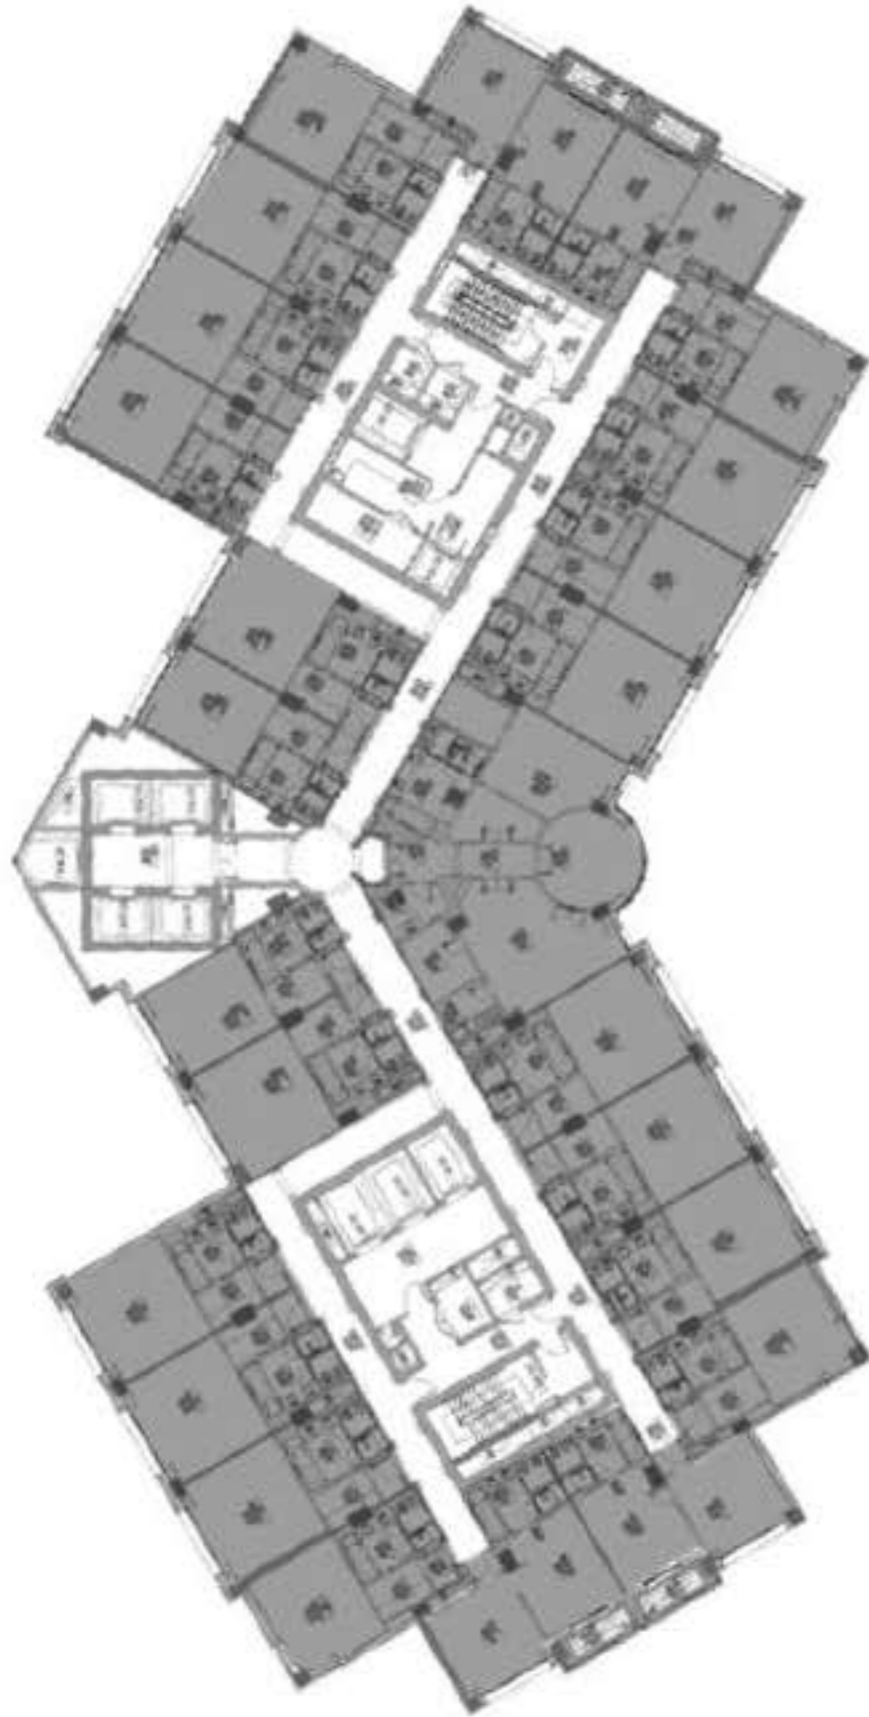

St.Regis branded residences and hotel
(Soura Madani House Of Design)
Amman, Jordan

The St.Regis Amman is a 17 story buildings in 260 luxurious guest room and suites delight in breathtaking view, contemporary design and intuitive amenities.

It consists of two towers the hotel and the residences at the residences you have the choice of owing a two, three or four bedroom residence, a duplex of five bedroom or sky villa

We developed the design of the residence tower and the hotel in collaboration with Hirsch Bedner Associate (HBA) based in England.

Meydan Avenue Canal Water Front ,Dubai UAE

This project involved designing interior residential spaces , And my responsibilities included construction targets and meet client specifications, budget , and time estimates

Meydan Canal Front
(AE7)
Dubai, UAE

Meydan Canal water front includes six plots with two residential towers, the residences you have the choice of owning a one, two, three or four bedroom residence, or one of the two penthouses located on the 10th floor.
Each plot has a ground floor facilities to accommodate users needs.

Meydan Canal Front
(AE7)
Dubai, UAE

Meydan Canal water front includes six plots with two residential towers, the residences you have the choice of owning a one, two, three or four bedroom residence, or one of the two penthouses located on the 10th floor.
Each plot has a ground floor facilities to accommodate users needs.

Saraya el Aqaba Project

Being one of the more experienced architects working on this project, I was given the responsibility of managing time and employees, as well as ensuring that the design is up to the firm's highest standard while being within budget. Furthermore, I was given the responsibility of designing some of the zones such as the living room of the apartments

The experience taught me how to be a team leader, guide younger architects and manage resources

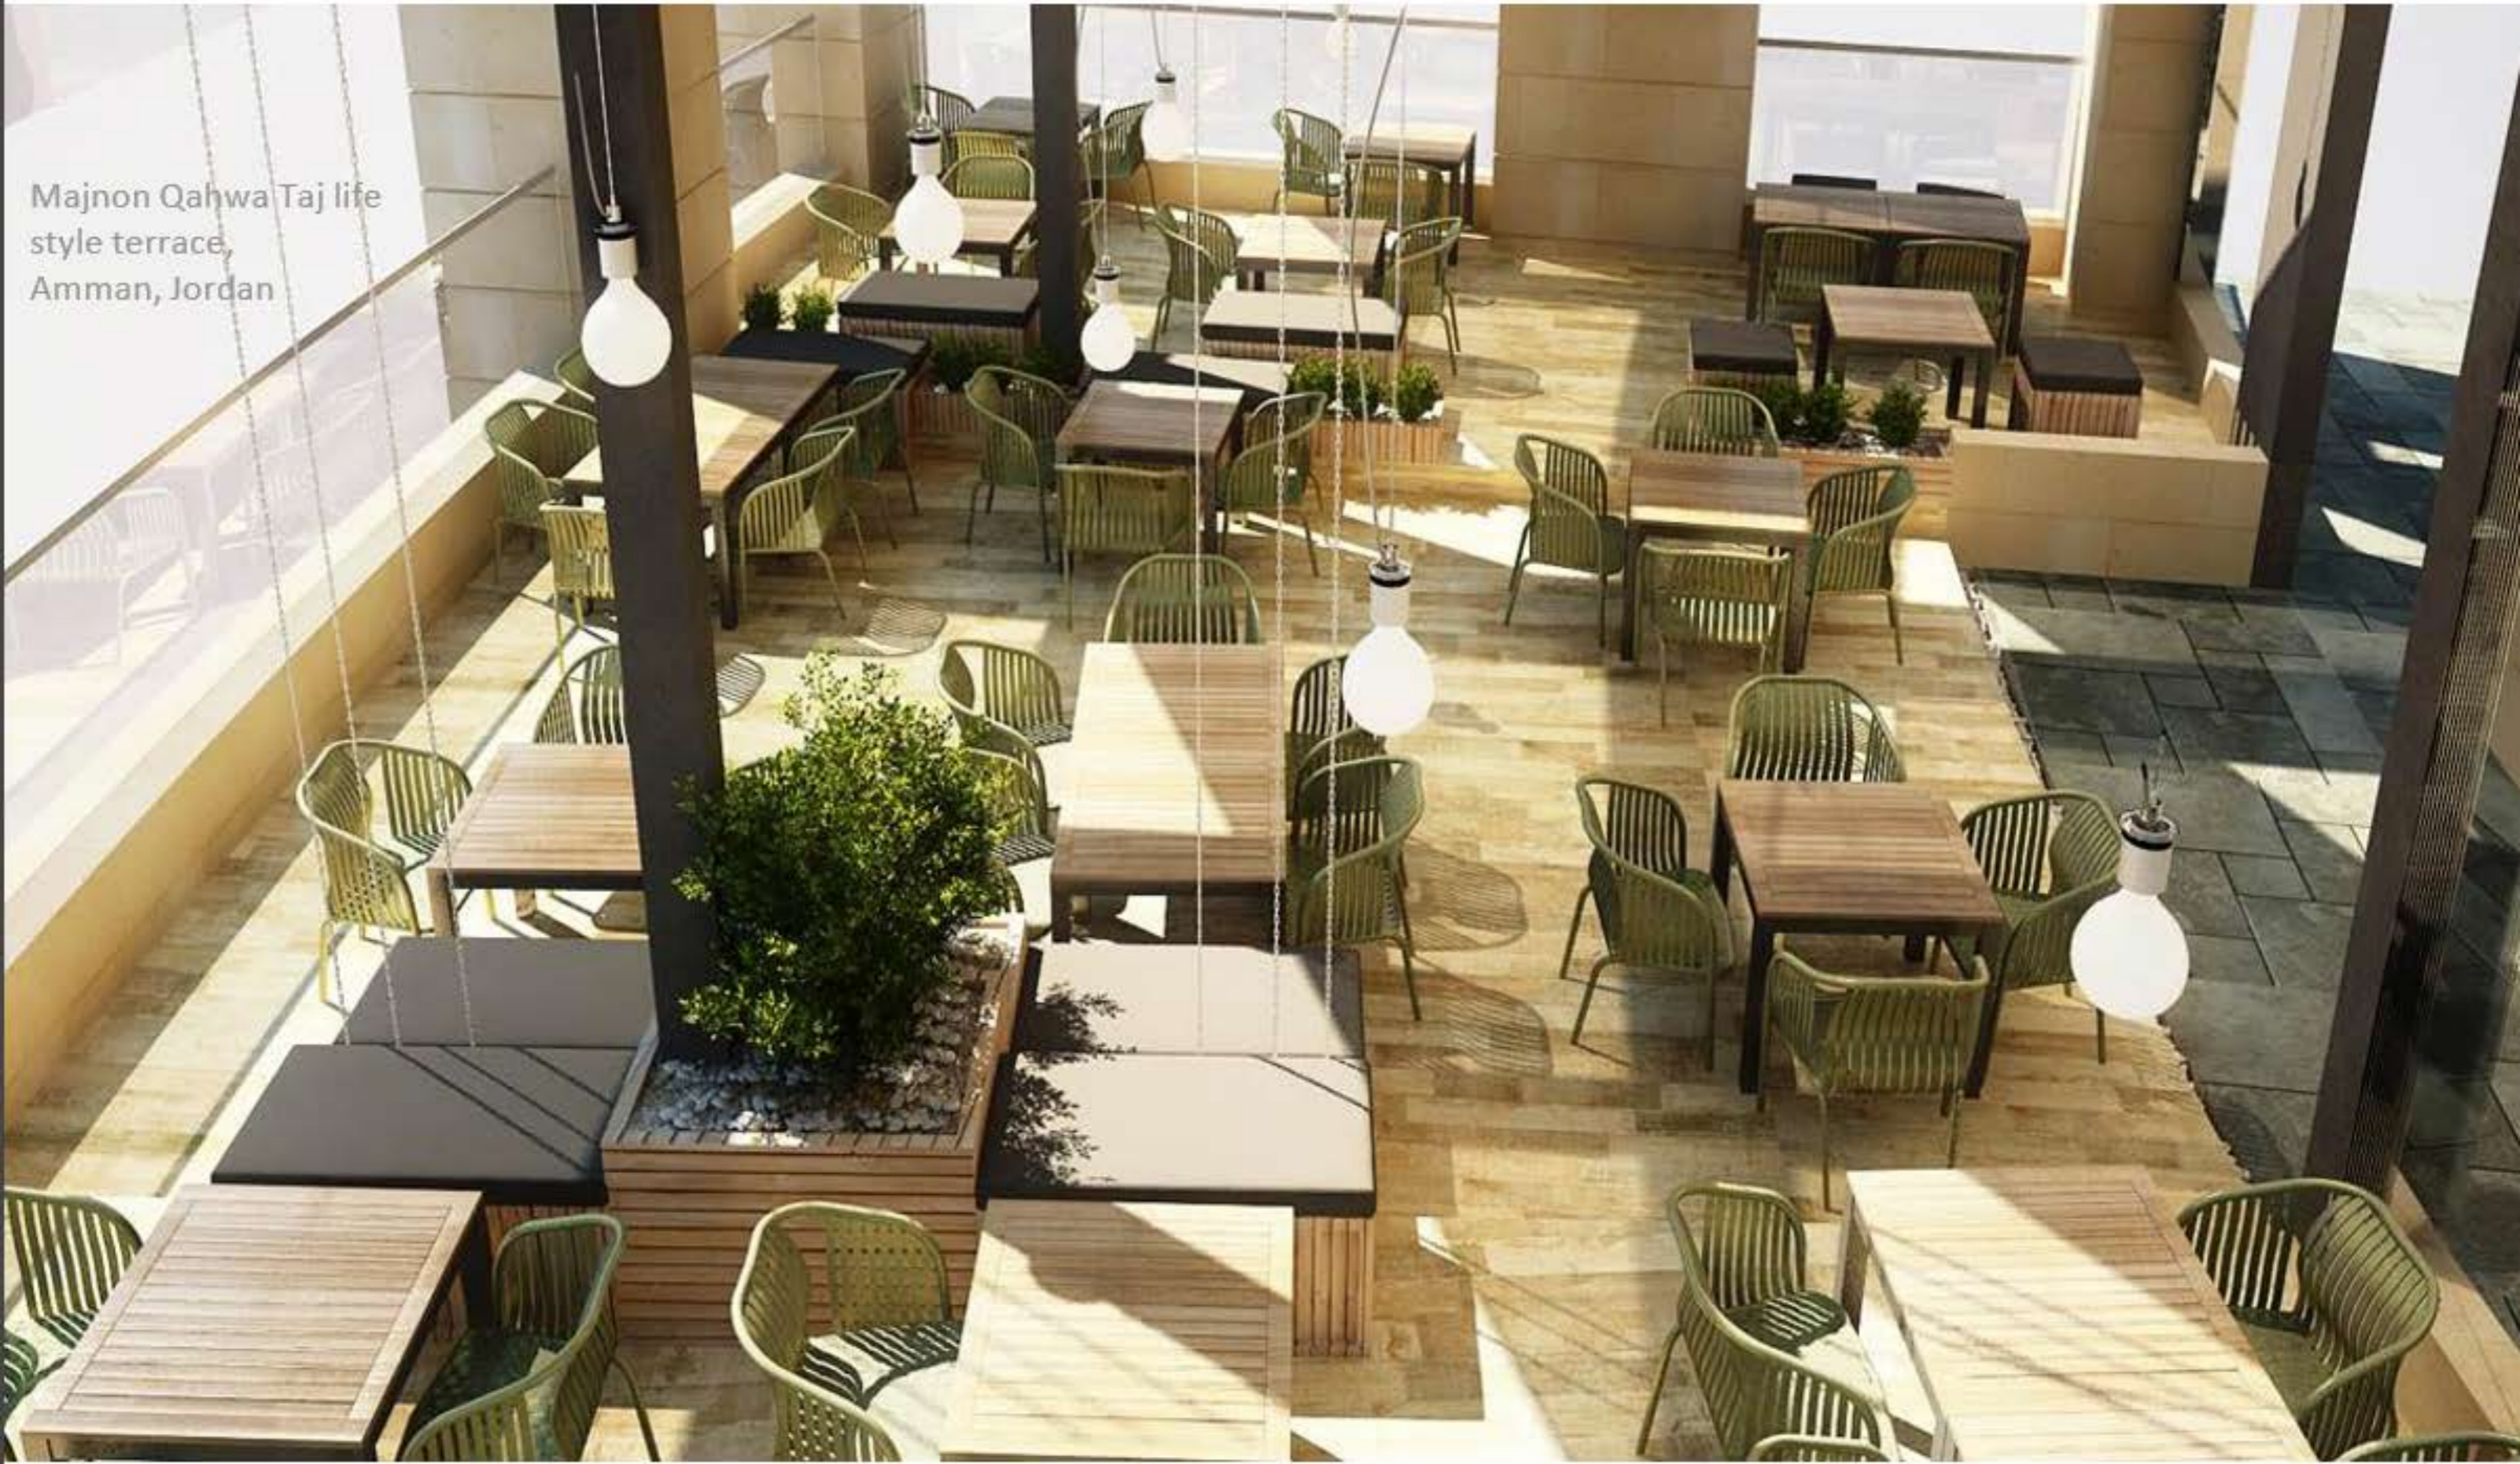

Saraya Aqaba
(Soura Madani House Of Design)
Aqaba Jordan

This Project is located in the western edge of Aqaba adding approximately 1.5 KM from of beach front to the gulf of Aqaba, The site divided into 4 zones including old city, offices, conference center, residential area and beach club

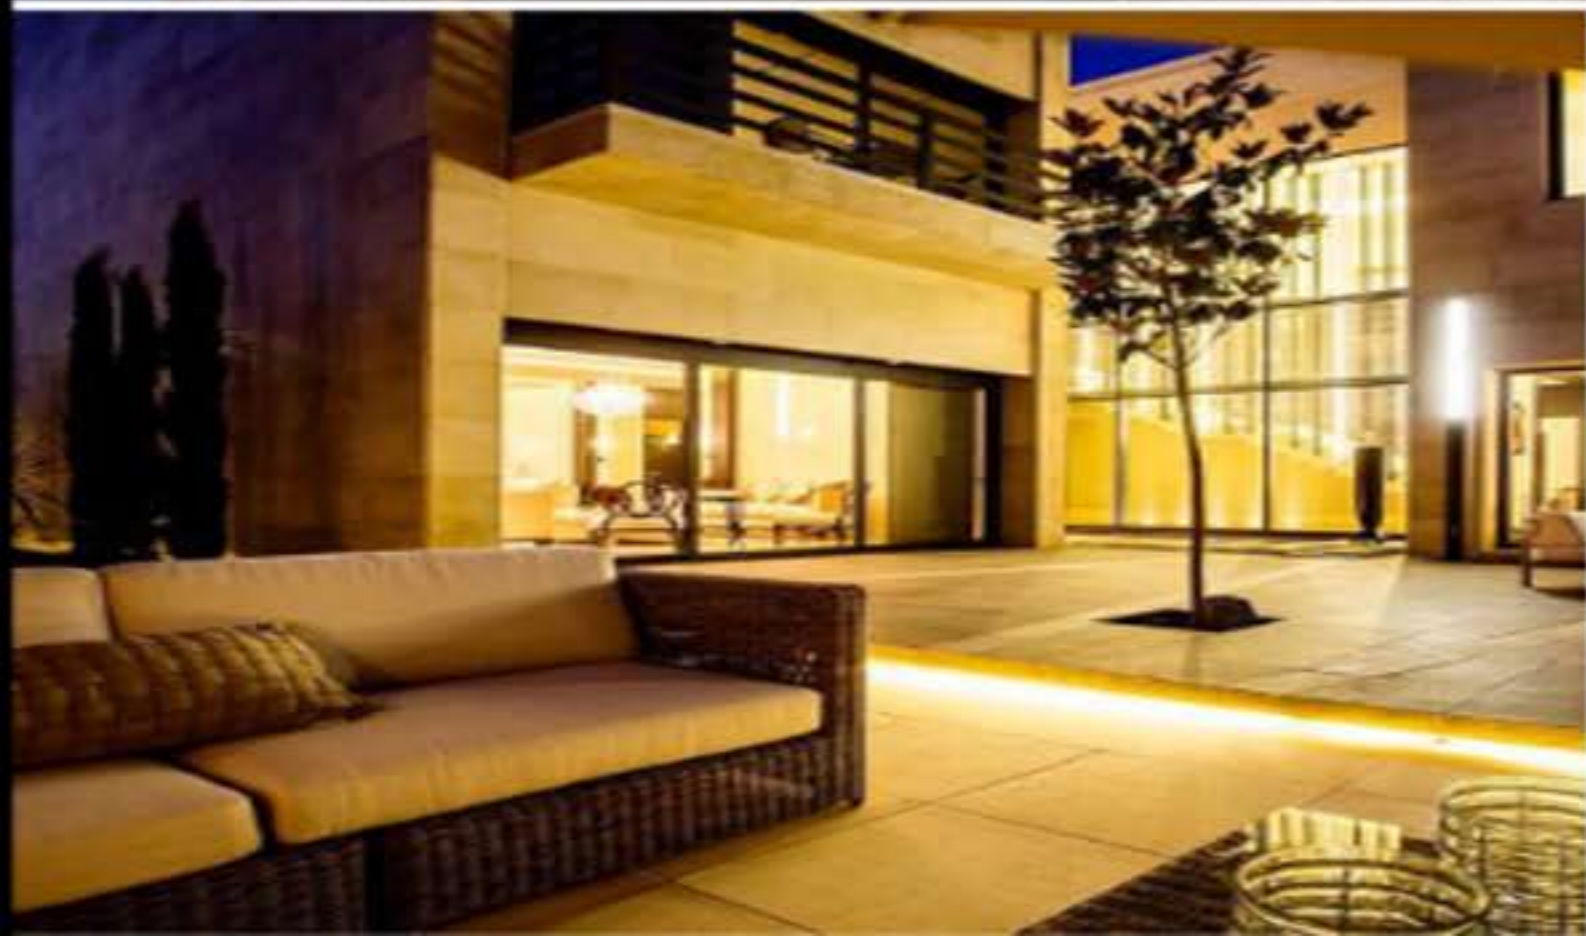

Majnon Qahwa Taj life style terrace, Amman, Jordan

Private villa, Amman-Jordan
Soura Madani house of design office

I was placed as a project architect of the villa , so i was fully responisbile for designing some of the areas such as the living room and bathrooms. Furthermore,I was responsible of the MEP co-ordination and meetings

My duties also required supervision and orientation of entry level architects, which improved my explanation and team leadership skills

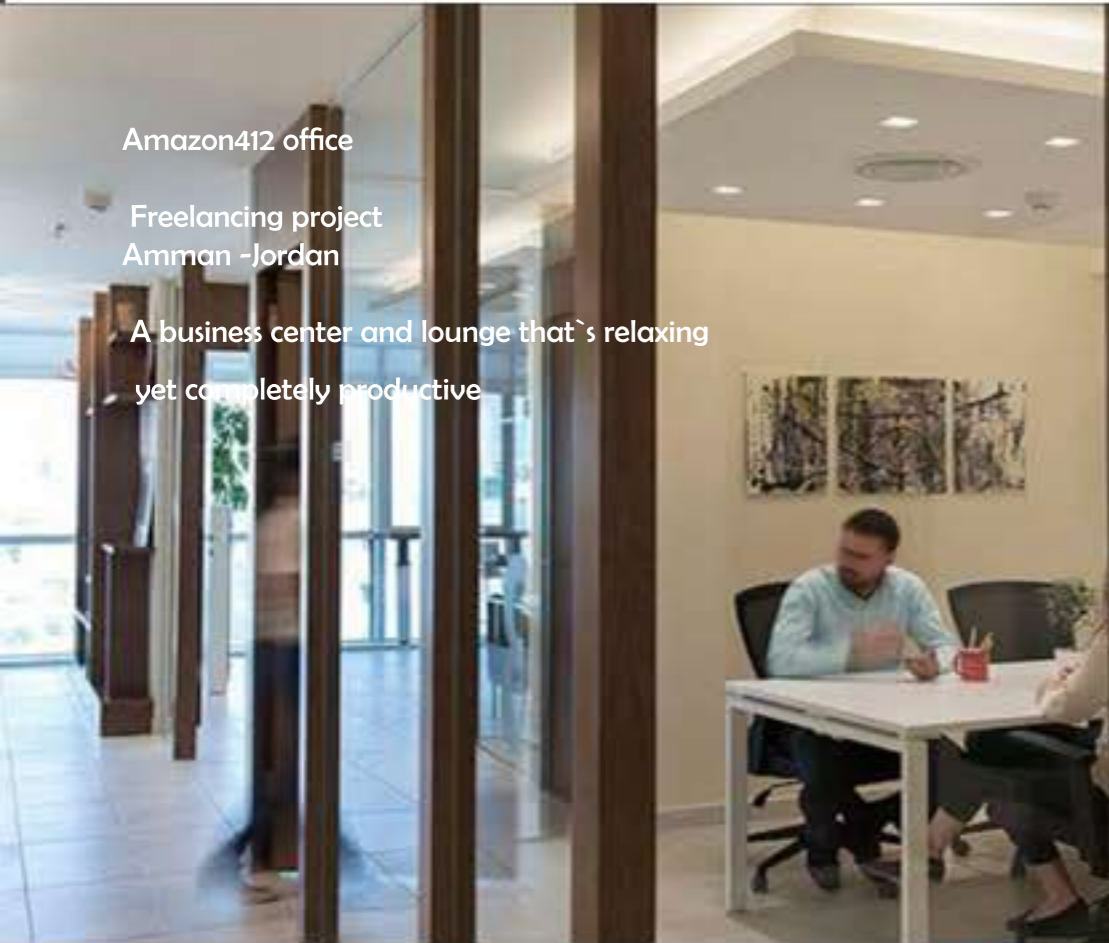

Amazon 412 office ,Amman,Jordan
Freelancing project

I was fully responsible of the design ,producing technical drawings and site supervision
